Are those that do not fluctuate during dis-turbed conditions of the money or stech market. First deed of trust notes (first mortgages), well secured on real estate in the District of Columbia, constitute "gitt-edge" investments. They do not depen-upon the financial responsibility of indi-viduals or corporations for their stability and are exempt from taxation as personal properly. We can supply such invest-ments in amounts from \$500 upward. Send for booklet, "Concerning Leaus and In-vestments."
